Model Loyalty Program

MEMBERSHIP & CARE GUIDE

Affordable aesthetic care.
Meaningful training experiences.
Beautiful possibilities.

The Beauty Xpressions Model Loyalty Program brings affordable aesthetic care together with hands-on nurse education. Members participate in supervised Academy Model Days, helping nurses build their skills. When Academy opportunities are unavailable, eligible members may access select continuing-care appointments with our Nurse Practitioner. Explore how the program works, what to expect, and the different appointment types available.

How It Works

JOINING THE MODEL LOYALTY PROGRAM

01

Apply online

Complete the Beauty Xpressions Model Loyalty Program application and provide accurate contact, treatment-interest, and relevant health information.

02

Application review

Applications are reviewed based on program needs, treatment interests, and model suitability.

03

NP interview / consultation

Selected applicants may be invited to meet with the Nurse Practitioner for a brief interview or consultation to review expectations, health considerations, and program fit.

04

Acceptance

Accepted members receive program details and instructions for booking eligible opportunities.

05

Book opportunities

Members may be invited to Academy Model Days and, when eligible, may also access select continuing-care appointments.

Staying in the Program

MEMBERSHIP EXPECTATIONS

Participation

Members are encouraged to consider suitable Academy model opportunities before requesting Nurse Practitioner continuing-care treatment. Participation helps support hands-on education and allows the program to remain meaningful for both members and students.

Communication

Members should keep their contact details current, respond to scheduling invitations within a reasonable timeframe, and share relevant changes to their medical history when needed.

Cancellations & Attendance

Please provide as much notice as possible if you need to cancel or reschedule. Repeated late cancellations, missed appointments, or failure to communicate may affect program participation.

Clinical Suitability & Safety

All treatments remain subject to assessment, contraindications, clinical judgment, and treatment appropriateness. Beauty Xpressions may decline, defer, or modify treatment when necessary for safety.

Membership Review

Three consecutive declines of suitable Academy model opportunities may prompt a membership review. Clinically unsuitable offers, contraindications, and reasonable scheduling conflicts should not be counted the same way.

Respectful Participation

Kind, respectful interactions with students, staff, and other models are expected.

Your Appointment Types

ACADEMY DAYS + LOYALTY CONTINUING CARE

Two ways to receive care through the Model Loyalty Program.

- 01

Academy Day Appointments

During Academy training days, eligible models receive treatment as part of supervised hands-on education. Participation helps nurses develop their clinical skills.
- 02

Loyalty Appointments

When Academy Day opportunities are unavailable, eligible members may access select continuing-care appointments with our Nurse Practitioner. This supports continuity of care between Academy opportunities.

Whenever possible, Academy Day opportunities are prioritized first.

Migraines, masseters for temporomandibular disorders, and axillary hyperhidrosis:
\$125 injection fee + medication cost at \$3.75 per unit.

These are continuing-care services and are not routinely offered as Academy Day model appointments.

Academy Days support supervised nurse education. Loyalty appointments provide eligible members with NP continuing care when Academy opportunities are unavailable. Fees are subject to change. Clinical assessment and treatment suitability always apply.

Behind the Academy

EDUCATION. CARE. COMMUNITY.

Beauty Xpressions Academy brings patient care and nurse injector education together. Founded and led by Tyler Hand, NP-PHC, our Academy offers small-group learning with direct Nurse Practitioner guidance.

Learning with purpose

With a maximum of two students per class, nurses have space to ask questions, build clinical judgment, and develop practical skills through supervised model appointments.

Your participation matters

As a model, you help make hands-on education possible while accessing eligible aesthetic treatments through the program. Your goals, questions, and treatment suitability remain part of the conversation.

Care that continues

Academy Day opportunities are prioritized. When these are unavailable, eligible members may access select Nurse Practitioner continuing-care appointments through the Loyalty Program.

Thank you for supporting the next generation of nurse injectors.
